

CAREER LAUNCHPAD WORLD CHANGERS

Thursday 14th July 2022

9.30am – 11.30am

The Woodside Building for Technology and Design
20 Exhibition Walk, Monash University, Clayton

A fast paced networking opportunity between students, industry and Monash University which will allow students to investigate careers and pathways that matter most to them.

- Welcoming address and participation from Dr Amanda Caples – Victoria’s Lead Scientist.
- Key academic and tertiary education professionals represented.
- Sectors may include Science, Housing, Social Justice, Innovation, Sustainability, Law, Health, International Relations, Food, and Transport.
- Suitable for all year levels.
- Excellent opportunity for students to generate early networks.
- Students will work in pairs to create their own suite of interview questions, which will identify future occupations and pathways and collect the tips they need to kickstart their own career as a World Changer.
- Additional opportunity to extend your stay in the afternoon by attending the Graeme Clark Oration for secondary school students.
